**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

We want unfiltered information and access. We want choice.

We specifically chose to move forward with a competitor to the big name providers as their service is better. There are less glitches and catches. There is no need to purchase peripheral products to simple access the basic service you need.

Why should I buy a piece of hardware to get a discounted rate? Just to fill landfills?
